

## Who We Are

TN Hands & Voices is a non-profit, parent-driven, parent / professional collaborative statewide organization dedicated to providing support for families of children who are Deaf or Hard-of-Hearing. We are non-biased about communication modes & methodologies and believe that families can make the best choices for their child if they have access to good information and support. Our membership includes families who communicate manually and/or orally. From American Sign Language to cochlear implants, our organization represents people from all different approaches to, and experiences with, deafness or hearing loss. We are one of over 44 statewide chapters comprised of mainly parents along with caring professionals.

Follow us on Facebook  
& Twitter!
